

Lesson Three

Minor Substitutions

Why substitute?

- **Songs may call for more complex chords**
- **More interesting**
- **Sometimes easier to play**

There are many places to play major, minor, and 7th chords all up and down the neck. For this course, we'll be looking at substitutions with our roots on the E and A strings.

Options?

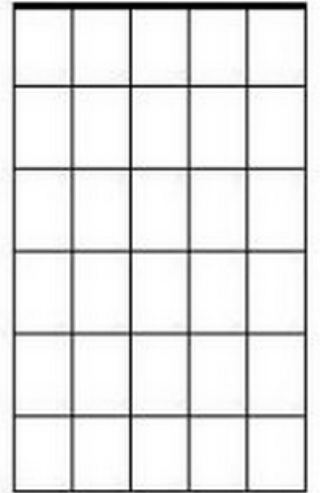

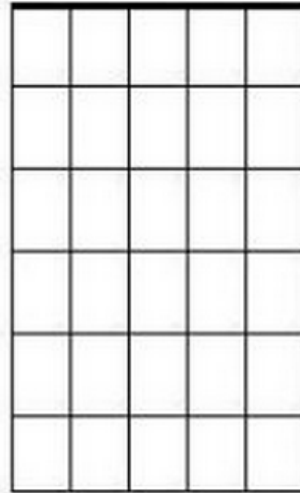

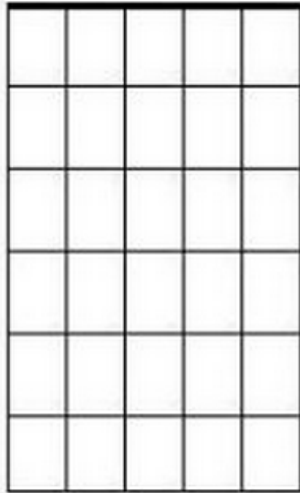

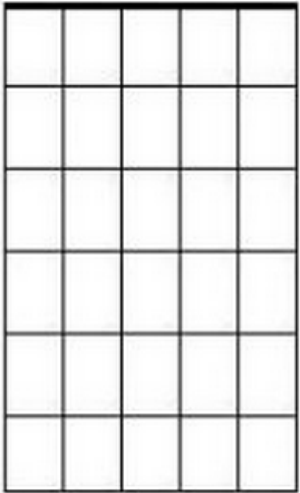

m7

m9

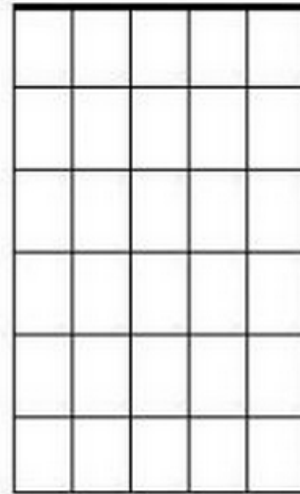

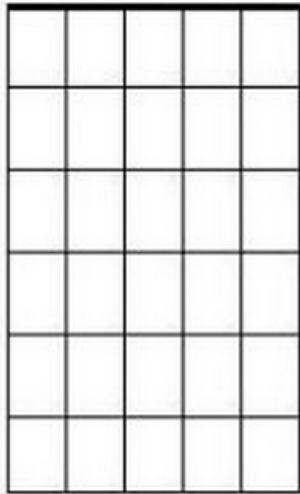

m11

m6

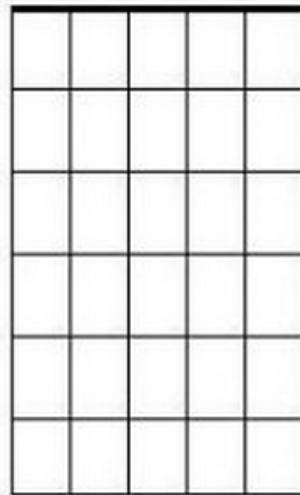

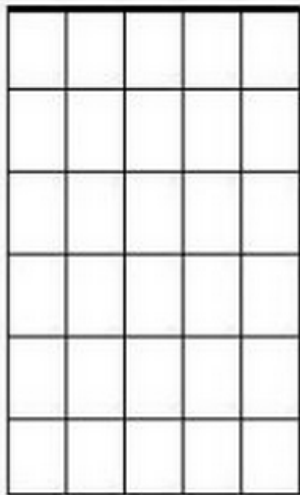

Minor 7

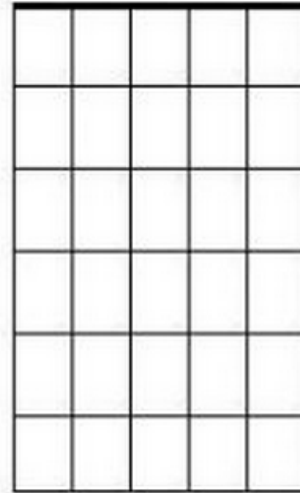

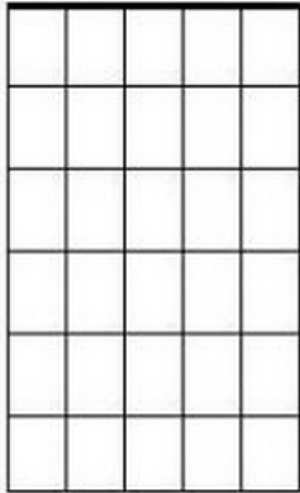

Minor 9

Minor 11

Minor 6
